

PROPERTY/CASUALTY POOL & WORKERS' COMPENSATION FUND SERVICES

Property Appraisals

Members receive a detailed report of the value of each of their district's buildings and contents. This enables us to obtain adequate property values and Construction, Protection and Exposure information.

SafeSchools

Numerous school-specific online trainings designed to educate members on areas of high risk for students, staff and visitors are provided to members at no additional cost.

Member Benefit Review

Account Executives meet with each member annually to discuss coverages, updates and enhancements and ensure appropriate limits are in place.

Loss Control Review

Loss Control representatives conduct an annual review with each member to discuss trends in their district and develop a strategic plan to reduce their losses by increasing awareness and implementing best practices.

Hazard Assessments

An inspection of key buildings is provided to members to identify hazards and address any areas of concern.

Member Advantage

A quarterly magazine is published in-house and disseminated directly to district personnel to educate members and share relevant topics and trends in school insurance and other top stories around the state.

Loss Control Alerts

Members receive emails with timely and valuable information to remind and inform them about preventative safety measures and maintenance-related topics.

Playground Inspections

Our team of certified playground inspectors visit district playgrounds, perform thorough inspections and provide recommendations to ensure the safety of students.
